

CPC Meeting – February 4, 2021  
Chair Report

Now that we're back in the swing of things, all our schools are smoothly underway in their learning and exploring.

In the past month, our students have participated in Family Fun Nights, had a virtual visit with the Eric Carle Museum, are having poster contests, and hosted a winter concert, among many other things. Additionally, all our students district-wide are participating in a food drive, initiated by the Jr/Sr HS's RISE Up core values that will benefit our local community.

Despite quarantine days this past month for some students, staff, and even a principal, our students remain fulfilled, resilient, and open to learning. I can't mention enough how diligent the faculty and staff continue to work amid daily obstacles, to ensure our children's horizons are broadened and enriched. Thank you again to all our faculty and staff!

Since we will not be meeting again until next month, I want to take this opportunity to wish everyone a restful and enjoyable President's week off, and a healthy and cautious one.

Cristina Monterroso  
Chair  
Central Parent Council
